EXECUTIVE POSITIONING

A Ready-Stock Partner for Rigs, Vessels & Industrial Plants

KKD Marine & Industrial Supplies, headquartered in Kakinada — India's offshore and rig support hub on the Bay of Bengal — maintains one of the broadest ready-stock inventories of marine, oilfield and industrial maintenance materials available from a single supply point in India. With direct access to the KG Basin drilling fleet, offshore supply vessels, onshore rig camps and industrial plants across Andhra Pradesh and Telangana, KKD has built its inventory around the parts that break, the fittings that leak, the filters that need changing on a dead-of-night call-out, and the consumables that keep production running.

This catalogue is a complete line-item listing of all surplus stock available ex-stock from KKD's Kakinada warehouse, subject to prior sale. Every line item is physically held on-site. There are no back-orders, no foreign principal lead times, and no import delays. Customers across offshore drilling, production, marine logistics, petrochemical, power and heavy maintenance sectors are invited to match requirements against this inventory and enquire directly.

Filters, Regulators & Lubricators (FRL) — ARO, Speedaire, Watts, Norgren, Parker, Ingersoll Rand, Wilkerson, CKD

MULTI-BRAND · EX-STOCK

FRL assemblies and components are high-consumption maintenance items on any rig, compressor station or production facility. KKD holds a cross-brand inventory spanning 14 makes and 28 line items covering ¼" to 2" NPT port sizes — particularly valuable for facilities with legacy pneumatic systems where OEM sourcing carries extended lead times.

CAT 02 Kunkle, Aquatrol, Kingston, Apollo & Watts Safety / Relief Valves

HIGH VALUE · LIFE SAFETY

Safety relief valves are critical safety items — their ready availability in an emergency is commercially essential. KKD holds a 28-model range across Kunkle (6010, 0020, 6186 series), Aquatrol, Kingston and Watts, from ½" to 2" at 50–200 PSI. Kunkle 6010 series is industry-standard on drilling rigs, compressor skids and offshore utility circuits.

Description	Make	Qty
